Harry & Jeanette Weinberg Village

Tampa's Premier Assisted Living Community

"The test of a people is how it behaves towards its elderly."

Abraham Joshua Heschel

The Community

Weinberg Village is an Assisted Living Community that offers a unique level of apartment living combining the independence of a private or shared apartment with the comfort and security of knowing that assistance is always there, if needed. Weinberg Village residents enjoy a beautiful, serene,

and heavily treed 21-acre campus, featuring attractive residential apartments, professionally decorated central lounges and community areas, two dining rooms, activities/lounge areas with pantries, reading lounges with libraries, hobby/craft rooms, laundry rooms, beauty/barber shop, sanctuary, therapy/exam rooms, and much more.

Accommodations

All unfurnished apartments have kitchenettes with "apartment-style" refrigerators, a sink, storage cabinets, space for a microwave oven, a closet, wall-to-wall carpeting, tiled private bathrooms, telephone and cable TV connections, window treatment with built-in mini-blinds, individually controlled room heat/air conditioning unit, and

safety and security features, including emergency call system, safety-assist bars in the bath, automatic sprinkler system, and smoke detectors. Our residents can personalize their apartments with their own treasured possessions to make them familiar and comfortable.

Assistance

Residents are always encouraged to be as independent as possible, but should a need arise, we are prepared to offer help at any time, day or night. Recognizing the needs, strengths, and limitations of our residents and addressing the increasing dependence that naturally occurs as part of the aging process, Weinberg Village is especially well-suited to assist our residents with daily activities, enriching their quality of life and enabling them to enjoy, to the greatest extent possible, a full, active, and meaningful lifestyle.

Daily Activities

A dedicated and licensed nursing staff are available on a 24-hour basis, seven days a week, to assist with those regular and essential activities each of us do every day. The staff interacts with residents in a humane, loving, and supportive manner while providing professional supervision and physical assistance with self-care tasks, such as grooming, bathing, shaving, dressing, self-administration of medications, and ambulating.

Weinberg Village is pleased to offer the services of trained personnel to accompany residents on scheduled medical appointments. Our staff can serve as a liaison between the medical facility and the families. Residents and their families may elect to use this service for a nominal fee.

Commitment

The Harry & Jeanette Weinberg Village is a wholly-owned subsidiary of the Tampa JCC Federation, a-not-for-profit 501(c)(3) corporation committed to the operation of a first-class residential facility specifically planned to enrich the quality of life of its senior residents. In the operation of Weinberg Village, both organizations are dedicated to observing the best in Jewish heritage, culture, traditions, and values, including the observance of Kashrut. Residents enjoy three kosher meals daily.

Extended Congregate Care

Weinberg Village is not a medical or nursing facility. However, to help our residents enjoy our community as long as possible, when more than minimal assistance is required, we are staffed by caring professionals to provide a higher level of aid called extended congregate care. Under an individually tailored service plan, our licensed personnel can perform more involved and complex services that comprise this level of care.

Rental

Weinberg Village is a month-to-month rental community. At this time, no entrance or endowment fees are required. The monthly charge is for

- a private apartment
- all of our public and common areas
- all of the various amenities we provide
- the comprehensive basic services and assistance we offer
- three kosher meals a day, seven days a week

In addition, to better serve our residents, we can make available a wide variety of additional services on an a la carte basis for those who desire them.

Our Friday night services are lead by our many committed volunteers and dedicated residents. Transportation to local Houses of Worship can also be arranged.
